Control freak “controligarchs,” many of them billionaires, are leading the world off a cliff

You have heard about oligarchs, but what about controligarchs? Seamus Bruner, author of the new book "Controligarchs: Exposing the Billionaire Class, their Secret Deals and the Globalist

Plot to Dominate Your Life," says controligarchs **are worse than** oligarchs in that they really do want to control every aspect of every person's life.

"These people have, like, a god complex but on steroids," Bruner, who serves as director of research at the Government Accountability Institute (GAI), told "First Things" podcast host Mark Bauerlein in a recent interview.

"Of the 3,100 or so billionaires in the world, there's only about 30 in this book

[*Controligarchs*] ... People like Bill Gates, Mark Zuckerberg, Jeff Bezos, George Soros ... and his son Alex Soros – these guys use their wealth to do not-so-great things."

Since the beginning of 2020 when the Wuhan coronavirus (COVID-19) "pandemic" was launched, many of the world's richest billionaires doubled their net worth – this as tens of millions of Americans, including American business owners, were plunged into insolvency and poverty.

"Mark Zuckerberg went from \$60 billion or so to almost \$120 billion today through the pandemic because everyone was locked down, stayed at home and was scrolling through Facebook," Bruner said. "And Jeff Bezos close to doubled his net worth."

(Related: Speaking of billionaires, Biden wants to **make more of them in Ukraine and Israel** as a condition of his agreeing to secure America's southern border with Mexico.)

Climate change, the next COVID-style scam

Another multi-billionaire who benefitted tremendously from the "pandemic" is billionaire eugenicist and Microsoft co-founder Bill Gates, who scooped up millions of acres of U.S. farmland as part of his stolen spoils.

"They used the pandemic, in the words of Klaus Schwab, the World Economic Forum founder, as an opportunity," Bruner added. "The pandemic was an opportunity to rejigger society and 'build back better' in a 'greener' way."

"People didn't really understand in July 2020 when Klaus Schwab announced 'The Great Reset' what a pandemic had to do with climate change. But we're starting to see that 'climate change' is just the next crisis they want to leverage as an opportunity to not just get richer but to construct systems of tyrannical control."

What the world saw during COVID is merely a taste of what the globalist billionaires have planned for their next worldwide scam: climate change. Expect things like food control, energy control, everyone being forced into unreliable electric vehicles (EV), mobile phones and human bodies being merged with the so-called "Internet of Things," smart cities and global financial control, among other authoritarian measures.

A tiny cadre of global elitists called "The Good Club" met back in 2009 in Manhattan to inaugurate their "philanthropic" efforts to take over the world using these and other means. The Good Club's members include names like Bill Gates, Oprah Winfrey, George Soros, David Rockefeller and Ted Turner, among others.

"Bill Gates, George Soros and David Rockefeller are kind of like the three co-hosts [of the first meeting of the Good Club]," Bruner says. "They invited half a dozen or a dozen of their billionaire buddies ... They all got together in the spring of 2009."

"The context is the tail end of the global financial crisis ... they could sense that the 'peasants' were about to get unruly ... The other part [of the context] is that Barack Obama had just been elected president [and] a lot of people at the Good Club meeting in New York had done a lot to get him there, George Soros especially, so they wanted to leverage the Obama opportunity to their advantage."

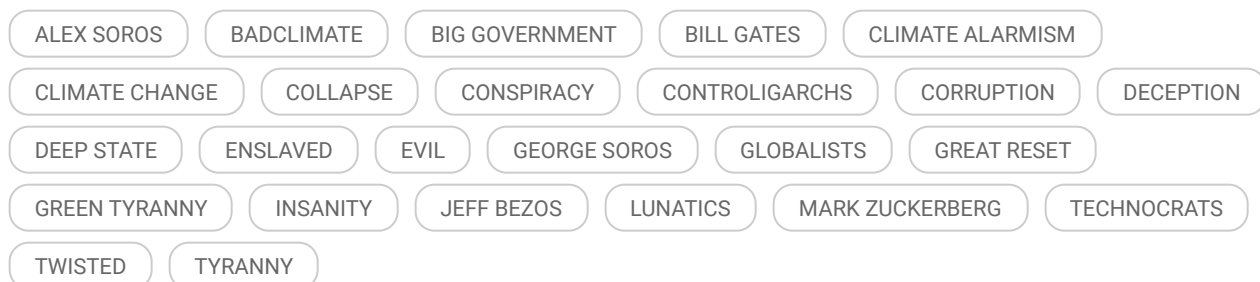

What Americans are now witnessing is a controlled demolition of their country and the life they once knew, which will ultimately pave the way for a new world order. Find out more at [Collapse.news](#).
